

ANTI-VIBRATION HANGER MOUNTS

Series: SE-SCM

- Suited for eliminating vibrations above 400rpm.
- The two polymers enhance performance of the product.
- Combined properties of steel and polymers enable the product to perform over a wide frequency range.
- Optimal load: 3kg to 120kg per mount.
- Suited for mounting internal HVAC units.

MATERIAL

- Polymer Body: Kraiburg TPE
- Spring spiral: Cold rolled steel with epoxy coating
- Bowl shaped leveller: Cold rolled steel

Part Number	Colour	Weight Range (Kg)	Performance Data	TPE Properties
SE-SCM-20G	Grey	3 ~ 20 per mount	PDF	PDF
SE-SCM-45V	Green	15 ~ 45 per mount	PDF	PDF
SE-SCM-75A	Blue	30 ~ 75 per mount	PDF	PDF
SE-SCM-120R	Red	60 ~ 120 per mount	PDF	PDF
