

EMC PLASTIC GROUNDING CLAMPS

Kitagawa series: FGCS

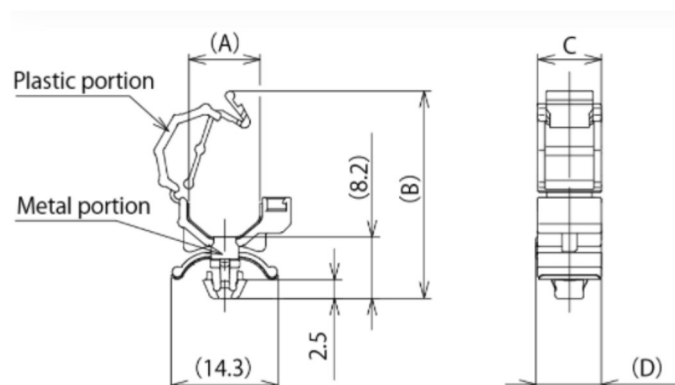

- Dual grounding and clamping function, helps reduce the number of components needed in application.
- Easy to detach cables for maintenance purposes.
- Plastic and metal portions can be separated for reuse.

MATERIAL

- Plastic Portion: Nylon 66 (natural colour/UL 94-V-0).
- Metal Portion: Phosphor bronze (Sn plating).

DIMENSIONS (mm)

Part Number	(A)	(B)	(C)	(D)	Applicable Cable Diameter
FGCS-5	7.0	23.3	5.5	5.7	Ø5.0 ~ Ø5.5
FGCS-8	9.5	27.5	8.5	8.7	Ø7.0 ~ Ø8.5

Installation specifications

- Board thickness: 0.8-1.6mm (t)
- Hole diameter: Ø 4.8
