

## GRIP CORE

## Kitagawa series: GRIP-3.5-1.8-2

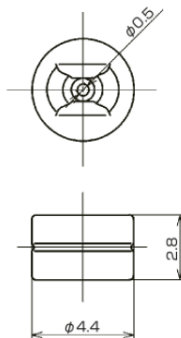

- Can be fixed in place with no adhesive.
- Eliminates adhesive residue on PCBs.
- Excellent EMI suppression achieved.
- Vibration suppression of FET or diode.
- Operating temperatures between -40 to +125°C.

### Ferrite Selection Guide

**Material:** Soft ferrite enclosed in silicone rubber.

Part Number	Profile	Height	Cylindrical Lead O.D.	Rectangular Leadcross-sectional dimension
GRIP-3.5-1.8-2	Ø4.4	2.8	Ø0.6 ~ 1.6	0.8 ~ 1.5 (Width) / 0.3 ~ 0.7 (Thickness)

Dimensions in mm

### Impedance vs frequency
