

## EMC MAGNETIC FOIL

## Kitagawa series: MFM

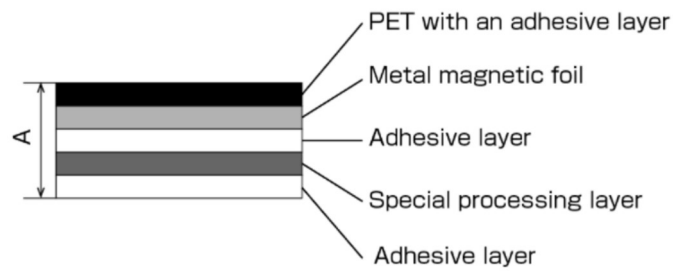

- High shielding performance from 1KHz to 1MHz.
- Suited for high frequency applications.
- Ideal for narrow enclosures.

Items	Unit	Standard	MFMAL	MFMAL-W
Thickness A	mm	-	0.127	0.207**
Available max. dimension*	mm	-	40x110	215x490

\*Customer must specify size required.

\*\* The description represents the value of the section called special processing layer.

### MAGNETIC SHEILDING EFFECTIVENESS (KEC Method)
